

# CUMULATIVE INDEX 1996

## Volume 15

---

January	GOLF INJURIES, pages 1-206
April	THE ATHLETIC ELBOW AND WRIST, PART II: COMMON AND OVERUSE INJURIES, pages 207-443
July	MENISCAL REPAIR, pages 445-634
October	ARTHROSCOPIC SURGERY, PART I, pages 635-837

---

Note: Page numbers of article titles are in **boldface** type.

- Achilles tendinitis, golf-associated, 141,  
143  
treatment of, 141-142
- Acromioclavicular joint, injuries of,  
arthroscopic treatment of, 699  
diagnosis of, 697-699
- Acromioplasty, arthroscopic, rehabilitation  
after, 667-668  
technique of, 728-731
- Allografts, meniscal. See *Meniscal allografts*.
- Angiogenin, for meniscal repair, 626
- Ankle, and foot, arthroscopy of, **805-824**  
portals for, 805-806  
and foot considerations, in golf, **129-146**  
anterior bony, impingement lesions of,  
arthroscopy of ankle in, 812-813  
arthroscopy of, arthors' preferred tech-  
nique for, 808-810  
complications of, 819  
in anterior bony impingement lesions,  
812-813  
in anterior soft-tissue impingement le-  
sions, 810-811  
in lateral ankle instability, 818-819  
in osteochondral lesions of talus, 813-  
818  
in syndesmotic injuries, 811  
indications and contraindications for,  
806-807  
portal placement for, 808  
setup for, 807-808  
specific indications for, in athlete, 810  
technique of, 807-810  
instability of, lateral, arthroscopy of  
ankle in, 818-819  
ligament injuries of, golf-associated,  
142-143  
treatment of, 143  
ligaments of, reconstruction of, arthros-  
copic findings in, **799-804**  
discussion of, 800-803  
methods and materials for, 800  
syndesmotic injuries of, arthroscopy of  
ankle in, 811  
unstable, preoperative clinical findings  
in, 800
- Anterior cruciate ligament, deficient, in  
knee. See *Knee, anterior cruciate  
ligament-deficient*.
- Anterior interosseous nerve syndrome  
(AIN), 342-344
- Anxiety, performance, in golf, 197-198
- Apophysis(es), injuries of, in immature  
athlete, 406
- Arm circles, 168
- Arthrofibrosis, and meniscal repair,  
615-616, 617  
of elbow, arthroscopy in, 278, 794-795
- Arthrography, in sports-related injuries of  
wrist, 755
- Arthropathy, facet joint, degenerative  
changes in, 50  
diagnosis of, 50-51  
treatment of, 51
- Arthroplasty, elbow, total, in golfer, 185  
hip, total, in golfer, 180-182  
knee, total, in golfer, 182-184  
shoulder, total, in golfer, 184-185
- Arthroscope, for diagnosis of shoulder  
injuries, 678-680, 690-692

- Arthroscope (*Continued*)  
   in disorders of rotator cuff, 680-688  
   tunnel vision of, 635-636
- Arthroscopic decompression of shoulder, 701-713
- Arthroscopic synovectomy, of elbow, 277-278
- Arthroscopic technique(s), and portal placement, for arthroscopic all-inside meniscal repair, 485-487, 488  
   for meniscal repair, 613-614  
   complications of, 613-619  
   using inside-to-outside technique, 460-464  
   in complex meniscal tears, 516-519  
   complications of, 517  
   meniscal allograft transplantation via, 548
- Arthroscopy, in athletic injuries of wrist, 219-233  
   in carpal tunnel release, 769-784  
   in rotator cuff disorders, 715-736  
   of elbow, 77, 261-281, 785-797  
   of foot and ankle, 805-824  
   of shoulder, 635-653  
   in throwing athlete, 673-700  
   rehabilitation of athlete after, 655-672  
   of wrist, 753-768
- Arthrotomy, meniscal allograft transplantation via, 548
- Articular cartilage, damage to, and meniscal repair, 520
- Athlete(s), immature, injuries and overuse syndromes of elbow and wrist in, 401-423
- Axonotmesis, 332
- Back, low. *See also Low back.*  
   of golfer, 46-51  
   re-injury of, prevention of, 51-52
- Back pain, in golf, 37-53  
   low. *See also Low back pain.*
- Back stretch, for muscles from shoulders to hips, 171
- Backswing, golf, 16-18
- Balls, golf, 171-177
- Bankart lesion, 743
- Bankart repair, and capsular shift, rehabilitation after, 666-667  
   arthroscopic, 737-753  
   advantages of, 748  
   lesions requiring, 743-744  
   limitations of, 749  
   technique for, 744-748
- Baseball, injuries to upper extremity associated with, 210-211
- Basketball, injuries to upper extremity associated with, 214-215
- Biceps tendon, injuries of, arthroscopic management of, 696-697
- Bicolumn fractures, 394
- Bicycling, injuries to upper extremity associated with, 211-214
- Blisters, golf-associated, 131-132
- Blood vessels, injuries to, in meniscal repair, 518, 616  
   of meniscus, and meniscal repair, 450-451
- Body stretch, for shoulder, upper back, and leg muscles, 177
- Body twists, 166
- Bone cysts, aneurysmal, of upper extremity, 432
- Bony exostosis, of glenoid, 697
- Bony injuries, of wrist, forearm, and elbow, 373-400
- Bowler's thumb, 353, 354
- Brachial plexus, anatomy of, 333
- Bracing, in management of elbow injuries, 72-73
- Bursitis, scapulothoracic, in throwing athlete, 699
- Bursoscopy, subscapular, of shoulder, 649
- Capitate, fractures of, 379-380
- Capitellum, fractures of, 388-390  
   osteochondritis dissecans of, 416, 417
- Carcinoma, metastatic, to upper extremity, 433
- Cardiovascular conditioning, 161
- Carpal instability, in immature athlete, 420
- Carpal tunnel release, arthroscopic, 769-784  
   Agee technique for, 776-777  
   Chow technique for, 770-776  
   clinical results of, 777-779  
   complications of, 779-780  
   long-term results of, 780-781  
   Japanese technique for, 776  
   current endoscopic techniques for, 770-777  
   historical perspective on, 769-770  
   incentive for development of new technique of, 769
- Carpal tunnel syndrome, 345-347, 348-349  
   in golfer, 102-103
- Cartilage, growth, overuse injuries and, 403
- Cell adhesion, for meniscal repair, 625
- Cheiralgia paresthetica, 338
- Chondromatosis, synovial, of upper extremity, 437
- Chondromyxofibroma, of upper extremity, 431
- Clavicle, distal, excision of, arthroscopic, 637

- Club(s), golf, 24-25, 67, 69, 76, 170-171  
     weighted, for golf exercises, 175  
 Coiling drill, 173  
 Conditioning exercises, for golfer, 66, 67  
 Condyle, fractures of, 394  
     lateral, fractures of, in immature athlete, 410  
 Confidence, increasing of, improving golf swing by, 198  
 Contact dermatitis, golf-associated, 132  
 Coronoid fractures, 390  
 Crocodile twist, 172  
 Cryopreservation, in processing of meniscal allografts, 540  
 Cryotherapy, after shoulder arthroscopy, 657-658  
 Cubital tunnel syndrome, 347-351  
 Cyclist's palsy, mechanism of, 351, 352
- De Quervain tenosynovitis, 213, 355-357, 358  
 de Quervain's disease, in golfer, 90-92  
     treatment of, 91-92, 94-95  
 Deaths, on golf course, 1  
 Dermatitis, contact, golf-associated, 132  
 Digital flexors, stenosing tenosynovitis of, in golfer, 100-102  
     treatment of, 102  
 Digital nerves, injury to, 353-354  
 Digits, trigger, 364-366  
 Distance stick, 176  
 Dorsal compartment, first, 356-357  
 Dorsal impact syndromes, 238-239  
 Downswing, golf, 20-22  
     acceleration in, 20-22  
     turn in, 22  
 Driving range practice, in prevent re-injury of golfer, 51-52
- Elbow, anatomy of, 307-309, 785, 786  
     and wrist, injuries and overuse syndromes of, in immature athlete, 401-423  
     arthrofibrosis of, arthroscopy in, 278  
     arthroscopy of, 77, 261-281, 785-797  
     common procedures in, 275-279  
     complications of, 796  
     diagnostic, technique of, 273-275  
     general set-up for, 271-272  
     indications for, 793-796  
     and contraindications to, 269-271  
     instrumentation for, 272-273  
     operative technique for, 790-792  
     portals for, 263-269, 270, 785-790  
     principles of creating, 263  
     postoperative complications of, 279-280  
     postoperative rehabilitation in, 279  
     preoperative planning for, 271  
     bony injuries of, 388-395  
     compressive neuropathies and tendinopathies in, 331-371  
     dislocations of, in immature athlete, 413, 415  
     forearm, and wrist, of athlete, unusual problems of, 425-438  
     fractures of, arthroscopy in, 278-279  
     complications of, 407  
     golfer's. See *Epicondylitis, medial.*  
     injury(ies) of, factors in, 65-67  
     in golf, prevention and treatment of, 65-83  
     treatment concepts in, 72-82  
     in immature athlete, 406-408  
     to throwing athlete, 307-329  
     lateral-sided, 321-328  
     medial-sided, 310-321  
     "Little League," 210, 321, 415-416  
     loose body removal from, arthroscopy for, 275-276  
     ossification centers of, development of, 406, 407  
     osteochondral lesions of, management of, arthroscopy for, 275, 276  
     osteochondritis dissecans of, 321  
     arthroscopy in, 275, 276  
     overuse injuries of, 65  
     in immature athlete, 414-417, 418  
     portal anatomy of, 263-269  
     posterior, pain in, associated with throwing in immature athlete, 416-417  
     posterolateral rotatory instability of. See *Posterolateral rotatory instability, of elbow.*  
     regional anatomy of, 261-263  
     synovectomy of, arthroscopic, 277-278  
     tendinitis of, surgery for, 76-77, 78-79, 80-82  
     tennis. See *Epicondylitis, lateral.*  
     tumors of. See *Tumors, of elbow, wrist, and hand.*  
     valgus extension overload syndrome of, arthroscopy in, 276-277  
     wrist, and forearm, bony injuries of, 373-400
- Elbow arthroplasty, total, in golfer, 185  
 Enchondroma, of upper extremity, 429, 431  
 Endochondral growth, patterns of, 405  
 Endurance exercises, after shoulder arthroscopy, 656, 657  
 Epicondyle, lateral, anatomy of, 291-292  
     medial, fractures of, 393-394  
     in immature athlete, 412-413, 414  
 Epicondylitis, in golfer, 4, 13, 67-72, 73  
     lateral, 291-303  
     and medial, 283-305

Epicondylitis (*Continued*)

- differential diagnoses and, 294-295
- elbow arthroscopy in, 795
- etiology and epidemiology of, 292-293
- pathophysiology of, 293-294
- physical examination in, 295-296
- treatment of, 296-302
  - complications of, 302-303
- medial, 210, 213
  - and lateral, 283-291
  - diagnosis of, 284, 285-286
  - differential diagnoses and, 286
  - etiology of, 283-284
  - history of, 284, 311
  - physical examination in, 284-285
  - prevention of, 287
  - treatment of, conservative, 286-287
  - surgical, 287, 289-290
  - complications of, 290-291
- Epiphyseal plate, cell layers of, 403-404
- in adolescents, 404
- injuries of, 404-406
- Equipment, golf, 24-25, 67, 69, 76, 169-177.
  - See also specific types of equipment.
- Ethylene oxide, for secondary sterilization of meniscal allografts, 542
- Ewing's sarcoma, of upper extremity, 433, 434-435
- Exercise(s), conditioning, for golfer, 66-67, 68-69
  - endurance, after shoulder arthroscopy, 656, 657
  - for deltoids, 159, 160
  - for muscular endurance, 154-159, 160
  - for participation in golf, 164-165, 166-177
  - for shoulder complex, 157-158
  - for strengthening program, 154-159, 160
  - forearm, for strengthening muscle-tendon unit, 73, 74-75
  - home therapy, after shoulder arthroscopy, 664-666
  - isometric, isotonic and isokinetic, after shoulder arthroscopy, 658-659, 660
  - preventative, in golf, 147-162
  - range-of-motion, after shoulder arthroscopy, 664
  - rowing, horizontal, 158, 159
  - scapular stabilization, after shoulder arthroscopy, 659-660, 661
  - stretching, for golfer, 148-151
    - for upper extremity, 68-69
    - to prevent re-injury of golfer, 51
  - warm-up, for golfer, 66-67, 68-69, 147-148
  - wrist, for strengthening muscle-tendon unit, 73, 74-75
- Extensor carpi ulnaris tendinitis, 360-362
  - in golfer, 92-93
  - treatment of, 93, 96, 97-99

- Extensor digiti minimi tendinitis, 360
- Extensor indices proprius syndrome, 359-360
- Extensor pollicis longus tendinitis, 359
- Facet joint, arthropathy of, degenerative changes in, 50
  - diagnosis of, 50-51
  - treatment of, 51
- Fear, of main disruption of golf swing, 197-198
  - training of mind to overcome, 198-201
- Fibrin clot, for meniscal repair, 623-625
  - enhancement, formation of, 504-507
  - preparation and insertion of, in outside-to-inside meniscal repair technique, 475-476, 477
- Fibrin glue, synthetic, for enhancement of meniscal repair, 507
- Fibrochondrocyte cultures, for meniscal repair, 627-628
- Fibroma, nonossifying, of upper extremity, 432
- Fibrous dysplasia, of upper extremity, 431-432
- Flexor carpi radialis tendinitis, 362, 363
  - in golfer, 93-99
  - treatment of, 97-99, 100-101
- Flexor carpi ulnaris tendinitis, 363-365
  - in golfer, 99-100
  - treatment of, 99-100
- Flexor tenosynovitis, in golfer, 102-103
- Football, injuries to upper extremity associated with, 213
- Foot (Feet), and ankle, arthroscopy of, 805-824
  - portals for, 805-806
  - and ankle considerations, in golf, 129-146
  - arthroscopy of, subtalar, 819-820
  - biomechanics of, in golf swing, 129-131, 132, 133
  - first metatarsophalangeal joint of, arthroscopy of, 820
  - problems of, in golf, 131-143
- Footwork, golf, 15-16
- Forearm, bones of, fractures of both of, 386-387
  - bony injuries of, 382-388
  - elbow, and wrist, of athlete, unusual problems of, 425-438
  - wrist and elbow, bony injuries of, 373-400
- Forearm bands, counterforce, 73
- Forearm exercises, for strengthening muscle-tendon unit, 73, 74-75
- Fracture(s), bicolumn, 394
- condylar, 394

- coronoid, 390
  - Galeazzi, 386
  - intra-articular, of radiocarpal joint, in immature athlete, 420
  - Monteggia's, 387-388
  - of capitate, 379-380
  - of capitellum, 388-390
  - of distal humerus, 393-394
  - of distal radius, 382-385
  - of elbow, arthroscopy in, 278-279
    - complications of, 407
  - of forearm, both bones, 386-387
  - of hamate, 377-379
    - in immature athlete, 420
  - of hamate hook, in golfer, 104-107
    - treatment of, 106
  - of lateral condyle, in immature athlete, 410
  - of medial epicondyle, 393-394
  - of olecranon, 394-395
  - of pisiform, 381
  - of radial head, 390-393
    - in immature athlete, 412
  - of trapezium, 380-381
  - of ulna, isolated, 387
  - of wrist, in golfer, 104-107
  - scaphoid, 373-377
    - in immature athlete, 417-419
  - supracondylar, 393
    - in immature athlete, 407-410, 411
  - triquetral, 379
  - Freeze drying of meniscal tissue, in processing of meniscal allografts, 540-541
  - Fresh freezing of meniscal tissue, in processing of meniscal allografts, 540
- 
- Galeazzi fractures, 386
  - Gamma irradiation, for secondary sterilization of meniscal allografts, 542
  - Ganglion(s), dorsal, 230-232, 236-237
  - occult dorsal carpal, 236-238, 239
  - Gardner procedure, modified, in tendinitis of elbow, 77
  - Giant cell tumors, of upper extremity, 428, 429
  - Glenohumeral internal and external rotation, 159, 160
  - Glenohumeral joint, anatomy of, 701
    - avulsion of, arthroscopic Bankart repair in, 743-749
    - in disruption of inferior glenohumeral ligament, 740
    - instability of, development of, 740-742
    - inferior glenohumeral ligaments and, 740-741
      - surgical treatment of, 742-743
    - stability of, inferior glenohumeral ligaments and, 737-738, 740
    - stabilizers of, 737-740
  - Glenohumeral ligaments, inferior,
    - glenohumeral joint instability and, 740-741
    - glenohumeral joint stability and, 737-738, 740
  - Glenoid, bony exostosis of, 697
  - Glutaraldehyde preservation, in processing of meniscal allografts, 541
  - Gluteal muscles, strengthening of, 156-157
  - Golf, for senior player, 163-178
    - injuries in, frequency of, 1-7
      - in amateur golfer, 3, 5
      - in professional golfer, 2-3
    - mechanisms of, 3, 4
    - treatment of, 5-6
    - injuries to upper extremity associated with, 213
    - instruction in, 165-169
    - participation in, for all ages, 163-164
      - with hip replacement, 164, 165
    - preparation for, exercises for, 164-165, 166-177
    - proper swing techniques and biomechanics of, 9-26
  - Golf balls, 171-177
  - Golf club(s), 24-25, 67, 69, 76, 170-171
    - weighted, for golf exercises, 175
  - Golf swing(s), biomechanics of foot in, 129-131, 132, 133
    - classic, 38, 40
    - goal of, 10-11
    - main disruption of, fear of, 197-198
    - mechanics of, 38-46, 60-61
      - elbow injuries and, 66
    - mental problems associated with, and solutions to, 194-201
    - mind-body connection of, 191-201
    - modern, 38, 41
    - myoelectric analysis of, 39-46
    - practicing of, while waiting to tee off, 52
    - problems of, complications of, 195-197
    - solution to improving, 198
    - vulnerabilities in lead arm during, 62
    - wrist biomechanics of, 85-86, 87, 88, 89, 90
  - Golfer(s), older, shoulder in, 56-59
    - senior, 163-178
    - younger, shoulder in, 59-60
  - Golfer's elbow. See *Epicondylitis, medial*.
  - Grip, golf, 11-14
    - strong or neutral, 12, 13
    - tension of, 12-14
    - types of, 11-12
  - Growth, injuries related to, 403-406
  - Growth factors, for meniscal repair, 625-626
  - Gymnastics, injuries to upper extremity associated with, 214-216

- Haglund's deformity, golf-associated, 140, 141  
     treatment of, 140-141, 142
- Hallux rigidus, golf-associated, 136  
     treatment of, 136-137
- Hallux valgus, golf-associated, 137-139  
     treatment of, 138-139
- Hamate, fractures of, 377-379  
     in immature athlete, 420
- Hamate hook fracture, in golfer, 104-107  
     treatment of, 106
- Hamstrings, stretch for, 151, 153, 170
- Hand, tumors of. *See Tumors, of elbow, wrist, and hand.*
- Hip, flexor stretch, 151, 152
- Hip arthroplasty, total, in golfer, 180-182
- Home therapy exercises, after shoulder arthroscopy, 664-666
- Humerus, distal, developing, bony anatomy of, 403  
     fractures of, 393-394
- Injury(ies), growth-related, 403-406  
     sports-specific. *See Sports-specific injuries and types of injuries.*
- Instruction, in golf, 165-169
- Interosseous nerve syndromes, 337-338, 342-344
- Intersection syndrome, 217, 218, 357-359  
     in golfer, 103-104  
     treatment of, 104
- Iontophoresis, in tendon injuries of elbow, 76
- Isometric, isotonic, and isokinetic exercises, after shoulder arthroscopy, 658-659, 660
- Joint(s), radiocarpal, intra-articular fractures of, in immature athlete, 420  
     radioulnar, distal, and ulnocarpal articulation, injuries of, 251-256  
     total replacement of, and golf, 179-190  
     ulnocarpal, and distal radioulnar joint, injuries of, 251-256
- Kienbock's disease, 381-382, 383  
     in immature athlete, 420
- Knee, anterior cruciate ligament-deficient, meniscal tears in, chronic, 574, 575  
     contraindications to treatment of, 583-585  
     diagnosis of, 575-578  
     history taking in, 575-576  
     indications for treatment of, 583-585  
     management of, 573-593  
     meniscal repair in, 579-583  
         results of, 581-583  
         technique of, 580  
     partial resection of meniscus in, 578  
     physical examination of meniscus in, 576-577  
     post-treatment complications of, 587  
     post-treatment rehabilitation in, 586-587, 596  
     radiographs in, 577-578  
     tears to leave alone in, 578-579  
     treatment options in, 578-583  
     unstable, algorithm for treatment of, 583-586  
     natural history of, 573  
     blind spot in, 517  
     injuries of, in golf, 111-128  
         bone scans in, 116  
         case histories of, 120-123  
         45-deg flexion radiographs in, 113-116  
         diagnosis of, 117-118  
         golf treatment for, 123-127  
         incidence of, 111-113  
         methods of study of, 113  
         results of study of, 116-120
- Knee arthroplasty, total, in golfer, 182-184
- Knee press, double, 169
- Laser-tissue interaction, 531-532
- Laser "welding", of meniscal tissue, for enhancement of meniscal repair, 507
- Lasers, for meniscal repair, 531-535
- Leg stretch, for hamstrings and lower back, 170
- Leg(s), pain in, in herniated disc, 48-49
- Ligament(s), inferior glenohumeral, glenohumeral joint instability and, 740-741  
     glenohumeral joint stability and, 737-738, 740  
     of ankle, injuries of, golf-associated, 142-143  
         treatment of, 143  
         reconstruction of, arthroscopic findings in, 799-804  
     of shoulder, 675-676  
     of wrist, injuries of, 762-764
- Lipoma, of upper extremity, 436
- Liposarcoma, in upper extremity, 437
- "Little League elbow," 210, 321, 415-416
- Low back, leg stretch for, 170
- Low back extensor muscles, strengthening exercise for, 154, 155
- Low back injuries, in golf, 2
- Low back pain, etiologic factors in, 46-47

- mechanical, in golfer, 47
- Lumbar disc(s), herniated, in golfer, 48
  - treatment of, 49
- Lumbar spine, forces affecting, in golf, 42
  - loads of, during golf swing, 46
- Lunatotriquetral instability, 245-248
- Lymphoma, of upper extremity, 433
- Lyophilization of meniscal tissue, in
  - processing of meniscal allografts, 540-541
- Magnetic resonance imaging, in shoulder
  - problems, 706
  - in sports-related injuries of wrist, 755-756
  - of labral lesions, 691
- Martial arts, injuries to upper extremity
  - associated with, 216
- Medial nerve, anatomy of, 333, 339-340, 341
  - compression of, 340-345
- Meniscal allografts, immunology of, 538-539
  - insertion of, in outside-to-inside meniscal repair technique, 475, 476
  - processing of, 539-541
    - cryopreservation in, 540
    - freeze drying of meniscal tissue in, 540-541
    - fresh freezing of meniscal tissue in, 540
    - fresh tissue transplantation in, 539
    - glutaraldehyde preservation of meniscal tissue in, 541
    - lyophilization of meniscal tissue in, 540-541
  - secondary sterilization of, 541-546
- transplantation of, 537-556
  - animal studies of, 542-544
  - clinical studies of, 544
  - contraindications to, 547
  - failures in, and complications of, 551
  - graft donors for, 548
  - indications for, 546-547
  - preoperative assessment for, 547-548
  - preparation of bed for, 548-549
  - rehabilitation following, 549
  - surgical technique for, 547-549
  - University of Michigan experience with, 549-551
  - via arthroscopy or arthroscopic technique, 548
- Meniscal templates, 564-567
- Meniscectomy(ies), osteoarthritis and, 573-574
  - partial, arthroscopy and, 450
  - total, history of, 446-448
- Meniscoid, of wrist, 238-239
- Meniscus, biochemistry of, 559-560
  - cellularity and vascularity of, 560
  - environment of, 560-561
  - function of, 469-470, 537
    - biomechanical studies of, 448-450
  - microstructure of, 558-559
  - partial resection of, in meniscal tears in
    - anterior cruciate ligament-deficient knee, 578
  - physical examination of, in meniscal tears in anterior cruciate ligament-deficient knee, 576-577
  - preservation of, in meniscal tears in anterior cruciate ligament-deficient knee, 574
  - regeneration of, 563-564
    - in vivo studies of, 567-569
  - repair of, advances in, 451-452
    - angiogenin for, 626
    - arthrofibrosis and, 615-616, 617
    - arthroscopic, 613-614
      - complications of, 613-619
        - documentation of, 614
        - nature of, 616
        - neurovascular structures and, 616
        - reported rates of, 614-616
    - arthroscopic all-inside, 483-498, 614
    - arthroscopy and portal placement for, 485-487, 488
      - clinical results of, 497
      - indications for, 484
      - knot tying in, 491-494, 495, 496
      - patient preparation for, 485
      - postoperative care following, 494-497
      - suturing in, 488, 489-491, 492, 493
      - tear preparation for, 487-488
  - basic science of, 470-472
  - cell adhesion for, 625
  - early reports of, 445-446
  - endogenous tissue adhesives for, 623-625
  - endothelial cell growth factor for, 626
  - enhancement techniques in, 499-510
  - debridement for, 500-501
  - fibrin clot formation in, 504-507, 623-625
  - laser "welding" of meniscal tissue in, 507
  - synovial abrasion technique in, 503-504, 505
  - synovial pedicle flaps in, 502-503
  - synthetic fibrin glue in, 507
  - trephination in, 502
  - vascular access techniques in, 501-503
  - fibrin clot for, 504-507, 623-625
  - future investigations in, 452
  - future of, 621-630
  - historical perspective on, 445-453

Meniscus (*Continued*)

- indications for, 472-473
- isolated, accelerated rehabilitation
  - after, discussion of, 606-609
  - materials and methods for, 603-605
  - protocol for, 605
  - results of, 605-606, 609
- lasers for, 531-535
  - literature review on, 532-533
- mitogens in, 626
- platelet-derived growth factor for, 625-626
- rehabilitation after, 595-612
  - conservative, 600
  - in bucket-handle tears, 601, 602
  - in locked bucket-handle tears, 601-603
- selection criteria and surgical technique of, 596-600
- synthetic tissue adhesives for, 622-623
- techniques for, 473
- tissue culture for, 626-628
- using inside-to-outside technique, 455-467, 614, 616
  - arthroscopic technique in, 460-464
  - complications of, 465
  - future directions in, 465-466
  - indications for, 455-456
  - posterolateral surgical approach for, 458-460, 461, 462
  - posteromedial surgical approach for, 457-458, 459
  - postoperative care following, 464-465
  - results of, 465
  - tear preparation for, 456, 457
- using outside-to-inside technique, 469-481, 614
  - and meniscal allograft insertion, 475, 476
  - fibrin clot preparation and insertion in, 475-476, 477
  - future research in, 479
  - indications for, 474-475
  - needle placement and suturing in, 473-474, 475
  - postoperative care following, 476-477
  - results of, 478
  - two-needle method in, 475
- replacement of, 557-571
  - by allografts, 561-562
  - by autografts, 561
  - by synthetic polymeric structures, 562-563
  - by templates, 564-567
  - by xenografts and reconstituted structures, 563
- shape of, 557
- structure of, 557-558
- tears of, avascular, arthroscopic repair of, complications of, 517
  - central one-third, guidelines for repair of, 519-523
  - complex, arthroscopic repair of, complications of, 517
  - arthroscopic suturing techniques in, 515-516
  - arthroscopic techniques for, 516-519
  - guidelines for repair of, 519-523
  - management of, 511-530
    - clinical study of, 524
    - complications of, 527
    - patient selection for, 524-525, 528
    - results of, 525-527
  - repair of, rehabilitation following, 523-524
  - repair specifics in, 520-523
  - repair techniques in, 515-516
- concomitant injuries in, evaluation of, 520
- in deficient anterior cruciate ligament. *See Knee, anterior cruciate ligament-deficient.*
- management of, history of, 512-513
- repair techniques for, 512-513
- patterns of, 513-515
- vascularity of, and repair of, 450-451
- Midcarpal joint, portals for arthroscopy of, 757-758
- Mind, of golfer, processing by, 192-194
- training of, to overcome fear, 198-201
- Mind-body connection, in golf, 191
- in golf swing, 191-201
- Mitogens, for meniscal repair, 626
- Monteggia's fracture, 387-388
- Morton's neuroma, golf-associated, 134-136
  - treatment of, 136
- Motion, postoperative limitation of, in meniscal repair, 518-519
- Muscle-tendon conditioning, in management of elbow injuries, 73, 74
- Muscle-tendon imbalances, and overuse injuries, in immature athlete, 402
- Muscle(s), low back extensor, strengthening exercise for, 154, 155
- of rotator cuff, 701-702
- of shoulder, 701-702
- trunk, myoelectric activity of, during golf swing, 43, 44
- Muscular endurance, exercises for, 154-159, 160
- Neck, extensors, strengthening exercise for, 154, 155
- flexion/extension, stretch for, 149, 150

- lateral flexion, stretch for, 149
- rotation, stretch for, 148-149
- Nerve(s). See also specific nerves.
  - injuries to, in meniscal repair, 518, 616
  - peripheral, malignant tumors of, in upper extremity, 437
- Neurapraxia(s), 332
  - digital, 353-354
- Neurilemmoma, of upper extremity, 434, 436
- Neuroma, Morton's, golf-associated, 134-136
  - treatment of, 136
- Neuropathy(ies), compressive, 332-354
  - and tendinopathies, in elbow and wrist, 331-371
- Neurotmesis, 332
- Nonsteroidal anti-inflammatory agents (NSAIDs), in elbow injuries, 73-76
  - in tendon injuries, 32-33
- Nutritional factors, and overuse injuries, in immature athlete, 402-403
- Obesity, and immature athlete, 403
- Olecranon fractures, 394-395
- Osteoarthritis, elbow arthroscopy in, 794
  - meniscectomies and, 573-574
- Osteochondral lesions, of talus,
  - arthroscopy of ankle in, 813-818
- Osteochondritis dissecans, of capitellum, 416, 417
  - of elbow, 321
    - arthroscopy in, 275, 276
- Osteochondroma, of upper extremity, 429
- Osteoid osteoma, of upper extremity, 428, 430
- Osteosarcoma, of upper extremity, 432
- Overuse, definition of, 331
- Overuse syndromes, and injuries of elbow and wrist in immature athlete, 401-423
  - causes of, 401
  - of wrist, in golfer, 86-104
    - stages of, 86-88
  - risk factors for, 402-403
  - symptoms of, 401-402
- Paratenonitis, 29-30
- Pedicle flaps, synovial, for enhancement of meniscal repair, 502-503
- Performance anxiety, in golf, 197-198
- Physical examination, of meniscus, in meniscal tears in anterior cruciate ligament-deficient knee, 576-577
- Pinch-and-grip study, for arthroscopic carpal tunnel release, 779
- Pisiform, fractures of, 381
- Plantar fascia, endoscopic release of, 820-821
- Plantar fasciitis, golf-associated, 139, 140
  - treatment of, 139-140
- Plyometrics, after shoulder arthroscopy, 661-662
- PNF (proprioceptive neuromuscular facilitation), after shoulder arthroscopy, 661, 663
- Posterior interosseous nerve syndrome (PINS), 337-338
  - distal, 338
- Posterolateral rotatory instability, of elbow, diagnosis of, 322-323
  - etiology of, 321-322
  - surgical repair of, 323-327
    - results and complications of, 327-328
- Posture, golf, 14-16
- Practice, golf, 23-24
  - goals of, 24
  - warm-up in, 23-24
- Processing, mental, of golfer, 192-194
- Pronator syndrome, 340-342
- Push-up with a plus, 157-158
- Putting practice, in prevent re-injury of golfer, 52
- Racquet sports, injuries to upper extremity associated with, 216-217
- Radial head, fractures of, 390-393
  - in immature athlete, 412
- Radial nerve, compression of, 333-339
- Radial nerve palsy, high, 334
- Radial nerve syndrome, superficial, 338-339
- Radial tunnel, anatomy of, 335
- Radial tunnel syndrome, 334-336, 337
- Radiocarpal joint, intra-articular fractures of, in immature athlete, 420
  - portals for arthroscopy of, 757
- Radiography, in meniscal tears in anterior cruciate ligament-deficient knee, 577-578
  - in shoulder problems, 704-706
- Radiologic studies, in sports-related injuries of wrist, 755-756
- Radioulnar joint, distal, and ulnocarpal articulation, injuries of, 251-256
- Radius, distal, fractures of, 382-385
  - injuries of, in immature athlete, 419, 420
  - proximal, injuries of, in immature athlete, 410-412
- Range-of-motion exercises, after shoulder arthroscopy, 664
- Rehabilitation, after arthroscopy of shoulder, 655-672

- Rehabilitation (*Continued*)  
 phases of, 662, 663  
 after meniscal repair, 595-612  
   in complex meniscal tears, 523-524  
   following arthroscopic decompression of  
     shoulder, 709-710  
 R.I.C.E. Principle, in management of elbow  
   injuries, 72  
 Rotator cuff, calcific tendinitis of,  
   arthroscopic treatment of, 688-689  
   disorders of, and coexistent shoulder pa-  
     thology, arthroscopic diagnosis  
       of, 716-717  
     arthroscopic treatment of, 717  
   and cuff-related pathology of, arthro-  
     scopic treatment of, 717-722  
   arthroscope in, 680-688  
   arthroscopic treatment of, 715-736  
     applications of, 716  
     indications for, 722  
     surgical technique in, 722-732  
   diagnosis of, 716  
   factors influencing treatment decisions  
     in, 707  
   history of, 715-716  
   intra-operative arthroscopic evaluation  
     in, 717  
   treatment of, 707  
 impingement of, arthroscopic subacro-  
   mial decompression in, 719, 726-732  
   factors increasing, 718-719  
   open decompression in, 719  
   primary, diagnosis of, 680-681, 682  
   secondary, diagnosis of, 681-682  
   surgical procedures in, 719  
 muscles of, 701-702  
 tears of, 637-641  
   arthroscopic or mini-open repair of, re-  
     habilitation after, 670  
   arthroscopic repair of, 640, 641-644

- Supracondylar fractures, 393
- in immature athlete, 407-410, 411
- Suture anchors, in arthroscopic Bankart repair, 747
- Sutures, location of, in meniscal repair, 521-522
- multiple, in meniscal repair, 522
- Suturing technique(s), and needle placement, for outside-to-inside meniscal repair, 473-474, 475
- arthroscopic, for complex meniscal tears, 515-516
- Swing, golf. *See* *Golf swing*.
- Synovectomy, arthroscopic, of elbow, 277-278
- Synovial abrasion technique, for enhancement of meniscal repair, 503-504, 505
- Synovial chondromatosis, of upper extremity, 437
- Synovial pedicle flaps, for enhancement of meniscal repair, 502-503
- Synovitis, elbow arthroscopy in, 793
- Tack, bioabsorbable, in arthroscopic Bankart repair, 746-747
- Takeaway, golf, 16-18
- Talus, osteochondral lesions of, arthroscopy of ankle in, 813-818
- Tendinitis, 29
- Achilles, golf-associated, 141-143
- calcific, of rotator cuff, arthroscopic treatment of, 688-689
- extensor carpi ulnaris, 360-362
- in golfer, 92-93, 96, 97-99
- extensor digiti minimi, 360
- extensor pollicis longus, 359
- flexor carpi radialis, 362, 363
- in golfer, 93-99
- treatment of, 97-99, 100-101
- flexor carpi ulnaris, 363-365
- in golfer, 99-100
- treatment of, 99-100
- in golf, 27-35, 67, 86-104
- in immature athlete, 420
- of elbow, surgery for, 76-77, 78-79, 80-82
- of wrist, in golfer, 86-104
- stages of, 86-88
- Tendinopathies, 354-366
- and compressive neuropathies, in elbow and wrist, 331-371
- exterior compartment, 355-362
- flexor compartment, 363-366
- Tendinosis, 30
- Tendocytes, 31
- Tendonopathy, in golfers, 67
- Tendon(s), anatomy of, 27-29
- biceps, injuries of, arthroscopic management of, 696-697
- failure of, 30-32
- injuries of, treatment of, 32-33
- pathologic conditions of, 29-30
- rupture of, 31
- Tennis elbow. *See* *Epicondylitis, lateral*.
- Tenosynovitis, De Quervain's, 213, 355-357, 358

- Tenosynovitis (*Continued*)  
 flexor, in golfer, 102-103  
 stenosing, of digital flexors, in golfer, 100-102  
   treatment of, 102  
 Thermotherapy, after shoulder arthroscopy, 658  
 Throwing, biomechanics of, 309-310  
   posterior elbow pain associated with, in immature athlete, 416-417  
 Throwing athlete, arthroscopy of shoulder in, 673-700  
 Thumb, bowler's, 353, 354  
 Tinea pedis, golf-associated, 132-133  
 Tissue adhesives, endogenous, for meniscal repair, 623-625  
   synthetic, for meniscal repair, 622-623  
 Tissue culture, for meniscal repair, 626-628  
 Tissues, fresh, transplantation of, in processing of meniscal allografts, 539  
 Toe(s), lesser, deformities of, golf-associated, 133-134, 135, 136  
   treatment of, 134  
 Total elbow arthroplasty, in golfer, 185  
 Total hip arthroplasty, in golfer, 180-182  
 Total joint replacement, and golf, 179-190  
 Total knee arthroplasty, in golfer, 182-184  
 Total shoulder arthroplasty, in golfer, 184-185  
 Trapezium, fractures of, 380-381  
 Trephination, for enhancement of meniscal repair, 502  
 Triangular fibrocartilage, injury of, 251-256  
 Trigger digits, 364-366  
 Triquetral fractures, 379  
 Trunk, flexion/extension, stretch for, 151, 152  
   hip, and chest stretch, 149, 151  
   lateral, stretch for, 149, 150  
 Tumors, of elbow, wrist, and hand, clinical presentation of, 426-427  
   commonly occurring, 427-428  
   extraosseous benign, 434-437  
   extraosseous malignant, 437  
   frequency of, 425-426  
   intraosseous benign, 428-432  
   intraosseous malignant, 432-433  
   work-up in, 427  
   primary, malignant, of upper extremity, 433  
 Turning drill, 174  
 Ulna, distal, injuries of, in immature athlete, 420, 421  
   isolated fracture of, 387  
 Ulnar collateral ligament, injuries of, diagnosis of, 314-316  
   etiology of, 314  
   treatment of, nonoperative, 316  
   surgical, 316-320  
   results and complications of, 320-321  
 Ulnar nerve, anatomy of, 347, 351, 352  
   compression of, 347-353  
   entrapment of, 347  
 Ulnar translation, 248-249, 250  
 Ulnar tunnel syndrome, 351-353  
 Ulnocarpal articulation, and distal radioulnar joint, injuries of, 251-256  
 Ultrasonography, after shoulder arthroscopy, 658  
   in diagnosis of shoulder problems, 706-707  
 Upper extremity(ies), giant cell tumors of, 428, 429  
   injuries of. *See Sports-specific injuries, to upper extremity.*  
   osteoid osteoma of, 428, 430  
 Valgus extension overload syndrome, 276-277, 311-313  
   elbow arthroscopy in, 795  
 Valgus stress, 321, 322  
 Valgus stress test, 314-315  
 Vascular lesions, benign, of upper extremity, 437  
 Warm-up exercises, for golfer, 66-67, 68-69, 147-148  
 Wartenberg's syndrome, 338  
 Weight shift, golf, 19-20  
 Weightlifting, injuries to upper extremity associated with, 217-218  
 Wrist, and elbow, injuries and overuse syndromes of, in immature athlete, 401-423  
   arthroscopy of, 753-768  
   technique of, 756-759  
   athletic injuries of, arthroscopy in, 219-233  
     results of, 232  
     diagnostic studies in, 221, 222  
     in immature athlete, 417-420, 421  
     mechanisms of, 219-220  
     nonoperative treatment of, 221  
     operative treatment of, 221-222, 223  
     physical examination in, 220-221  
   biomechanics of golf swing, 85-86, 87, 88, 89, 90  
   bony injuries of, 373-382  
   compressive neuropathies and tendinopathies in, 331-371  
   elbow, and forearm, of athlete, unusual problems of, 425-438

- forearm, and elbow, bony injuries of, 373-400
- fracture of, in golfer, 104-107
- ganglion of. *See Ganglion(s)*.
- injury(ies) of, golf-induced, 2, 5, 85-109
- sports-related, cause and classification of, 754
- diagnostic evaluation in, 755
- history taking in, 754
- incidence of, 753-754
- nonoperative management of, 756
- pathology of, 759-766
- physical examination in, 754-755
- preoperative evaluation in, 754-756
- radiologic studies in, 755-756
- instability of, 239-250
- intracapsular anatomy of, 758-759, 760-761, 762
- ligaments of, injuries of, 762-763
- cases illustrating, 763-764
- meniscoid of, 238-239
- osseous/cartilaginous injuries of, 765-766
- peripheral fibrocartilage complex of, tear of, 225-230, 231
- radial triangular fibrocartilage complex of, tear of, 222-225, 226-227
- soft-tissue injuries of, 235-259
- mechanisms of, 236
- tendinitis of, in golfer, 86-104
- stages of, 86-88
- triangular fibrocartilage of, injuries of, 760-761
- case illustrating, 761, 763
- tumors of. *See Tumors, of elbow, wrist, and hand.*
- Wrist exercises, for strengthening muscle-tendon unit, 73, 74-75
- "Yips," 1-2
- Zostrix cream, in elbow injuries, 76
